

Autumn 1 in Year 6

Writing	Maths	Reading	Science	History	Geography	Art/D&T
<u>Suspense stories</u> Based on Alma – Literacy Shed. 	<u>Place Value</u> Numbers to 10 million  Chapter 1 Numbers to 10 Million	<u>Murder Most</u> <u>Unladylike – Robin</u> <u>Stevens</u> 	<u>Electricity</u> Children will learn to draw simple electrical circuits using recognised symbols, explore how the number of cells affects brightness and volume, and understand how making responsible choices about electricity use can help reduce impact on the environment. 	<u>Crime and punishment</u> Children will revisit key historical periods studied throughout KS2 and develop their historical enquiry skills through a chronological study of crime and punishment. They will analyse sources, identify change and continuity over time, evaluate evidence, and draw inferences. 	<u>Green planet</u> Children will learn about biomes and the ecosystems within them, understanding why they are important and how living things depend on these environments to survive. 	<u>Art</u> <i>Digital Media and Drawing</i> <i>Artist: Annie</i> 
<u>Poetry</u> Based on Black History Month (Spoken Word Poem) 	<u>Calculations</u> Four operations on whole numbers  Chapter 2 Four Operations on Whole Numbers	<u>RE</u> What Will Make Wolverhampton a More Respectful City? 	<u>Renewable Energy Sources</u> 			<u>D&T</u> <i>Take a Seat</i> Children will make a padded seat that incorporates a pattern and logo design.
Computing	Music	PSHE	PE			
<u>Computing systems and networks</u> Communication and collaboration 	Children will learn and perform the song <i>Happy</i> by Pharrell Williams, exploring its pop and soul influences while developing their singing, listening and musical skills.	Becoming a Bushbury Citizen 	 <u>Team Building and Problem Solving</u> This unit develops pupils' teamwork and problem-solving skills through a range of cooperative challenges. Children learn to communicate effectively using verbal and non-verbal strategies, listen actively to others, plan and evaluate their performance, build trust within a team, and show resilience when faced with challenges.		 <u>Invasion Game Skills</u> This unit develops pupils' understanding of attacking and defending principles in invasion games, building their ability to move effectively, create and use space, communicate with teammates, and apply tactical decision-making, while promoting key sporting values such as respect, fairness, equality and teamwork.
